The Best Clothes

To Buy and Why

A good name is well earned—and the superiority of known brands is amply attested by their continued leadership. Our list comprises the product of the most reliable makers in each department of our organization. By the term "Clothes" we mean everything that is worn by man, boy or child. By the best, we mean not only style, but the quality of material and honest, dependable workmanship that gives service and value. We make an earnest effort, not only to keep abreast of the times, and with all respect to others in the same business, we believe that we have established a leadership in the matter of quality and value. In this summary of good things we know that there are none better and a comparison of values will prove our ability to save you money on every purchase.

A CARD

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough, heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. L. S. Simmons.

LET HENS REST

Eggs are high at present and naturally, poultrymen are wishing the layers would keep very busy and lay more eggs. It must be borne in mind that hens need a vacation and produce more eggs at the end of the year by getting a rest for a few weeks than they do if stuffed with egg producing foods for the full twelve months. If not given a vacation Mrs. Hen takes one herself annually and, as usually happens, takes it when the price of eggs is way up.

Many successful poultry raisers get their flocks in the habit of taking a rest when eggs are usually lowest in price, which is the summer season.

If you don't know how it's done, ask some expert chicken man; if he knows his business he will be able to tell you.

Don't get out of patience with the baby when it is peevish and restless and don't wear yourself out worrying night and day about it—just give it a little CASCASWEET. Cascasweet is a corrective for the stomachs of babies and children. Contains no harmful drugs. Sold by L. S. Simmons.

Glen Ellen Wineries

Henry Chauvet, at his Glen Ellen winery, is crushing fifty tons of grapes a day, and he will make about 200,000 gallons of wine this season. His plant is one of the oldest in the State.

Schleck Brothers, of Glen Ellen, are also crushing a large quantity of grapes this season.

Behler Brothers, of Glen Ellen, are running their new winery at full blast. It has a capacity of about 50,000 gallons. The winery is built of brick and cement.

Leopold Justi will make a good lot of wine this season. The capacity of his winery is about 50,000 gallons.

Louis Kunds is one of the busiest men in the Sonoma Valley. He is rapidly filling the large tanks in his winery with a fine brand.

Henry E. Jones of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing did me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old, and suffered long, but thanks to Foley's Kidney Cure I am well and can enjoy myself. It is a pleasure to recommend it to those needing a kidney medicine."

Hospital is Overcrowded

The Sonoma county hospital and farm buildings are overcrowded. There are 124 inmates there and County Physician S. S. Bogle stated Thursday that he has four applications for admission that has cannot do anything with yet. He says it will be necessary to erect a tent for the relieving of the congested conditions at the county institution on the hill, near Santa Rosa. It is quite probable that the Supervisors will have to take some action in the premises. The institution, as stated, is overcrowded now and such conditions cannot be long prolonged. Just what steps will be taken is not known now.

You never have any trouble to get children to take Kennedy's Laxative Cough Syrup. They like it because it tastes nearly like maple sugar. Kennedy's Laxative Cough Syrup is a safe, sure and prompt remedy for coughs and colds and is good for every member of the family. Sold by L. S. Simmons.

Postage Reduced

Under Order No. 645, Postoffice Department, Washington D. C., beginning with October 1, 1907, postage on letters to all foreign countries except Canada, Mexico, Cuba and the Republic of Panama, will be five (5) cents for the first ounce or fraction of ounce, and three (3) cents for each additional ounce or fraction of an ounce.

No home is so pleasant, regardless of the comforts that money will buy, as when the entire family is in perfect health. A bottle of Orino Laxative Fruit Syrup costs 50 cents. It will cure every member of the family of constipation, sick headache or stomach trouble. L. S. Simmons.

While United States Senator Tillman was in Santa Rosa recently he called upon Luther Burbank and investigated the spineless cactus.

In most cases consumption results from a neglected or improper cold. Foley's Honey and Tar cures the most obstinate coughs and prevents serious results. It costs you no more than the unknown preparations and you should insist upon having the genuine in the yellow package. L. S. Simmons.

FRIDAY OCTOBER 18, 1907

We beg to direct attention to an advertisement of G. De Latour informing vinegrowers that he is going to close the orders for the first shipment of French grafted vines which will arrive about January 16th. We are under the impression that vineyardists like to plant their vines early so we advise them not to delay in sending their orders.

We are pleased to state that the vines imported by Mr. De Latour have proven to be the best so far received in this country. Professor Hussman, who is well known in this valley, visited the De Latour vineyard at Rutherford lately, and expressed his surprise at the growth and production of these imported vines. He not only admired the crop, which is very large, but also the perfect unions of stock.

Prof. Bioletti stated lately that they were the best imported vines he has seen in California and are the only ones he would recommend.

Another proof that the De Latour vines are the best, is that the California Wine Association and the Italian Swiss Colony, who last year imported vines direct or through some other agents, have this year given their entire orders for vines to Mr. De Latour: who, however supplied them last year with some vines which they bought in order to compare with the ones they imported direct.

We understand that Mr. De Latour guarantees the vines to be in perfect condition when they arrive and true to name.

State Grange Sentiment

The State Grange Friday adopted resolutions favoring the parcels post and United States Postal Savings Bank system, national ownership of railroads, the retention of all remaining forest lands by the government, a State law closing all saloons on Sundays, that a State revenue should be derived from corporations and franchises, and county revenues from real estate. The Grange also endorsed the Torrens land act and advocated the prohibition of non-citizens from owning real estate in the State.

100,000 Hunters' Licenses

The California Game and Fish Commissioners have thus far distributed 97,000 badges for hunters in the State. Nearly all are \$1 licenses. Of the \$25 and \$10 licenses, only seventy-five have been sent out thus far. All the money collected for the licenses will be paid into the game preserve fund, as required by law, to be applied for the better protection of game and the introduction of new species. No part of that money can be applied toward fish culture.

Wants His Money Back

Being an officer for the great State of California, receiving no remuneration, and in the meantime paying his own expenses, is what Fire Warden Thomas Johnson took occasion to object to in a recent letter to the State Forester. Mr. Johnson recently went to considerable trouble and expense in arresting and securing evidence which resulted in conviction of Frank Brograd who set a fire which did considerable damage in the vicinity of Glen Ellen. Brograd was fined \$25, half of which went to the Sonoma County treasury and the balance to the State, and the arresting officer gets only the glory. This Mr. Johnson finds to be a luxury too expensive for his pocket book and asks what the State is going to do about it. There are several other fire wardens that also would "like to know, you know."

County Supervisors

The Board of Supervisors adjourned Saturday, completing the sessions for the October meeting.

A sub-contract was entered into with the Rickon Ehrhart Company for waterproofing the basement of the courthouse building. The same is to cost the county \$500, and the Medusa compound is to be used. Concrete with which the basement is to be covered will absorb water and makes things mouldy, while the Medusa compound overcomes this. The basement of the courthouse will be utilized.

The board adopted an ordinance raising the liquor license of the county from \$16.50 to \$25.

An ordinance was passed compelling traveling hawksters selling books, charts and other things in future to pay a license.

A resolution was passed ordering the sale of the Windsor school district bonds.

The sum of \$24,128.17 has been transferred from the unappropriated fund to the general fund and \$7000 has been transferred from the general fund to the indigent fund.

The County Treasurer reported to the Board the amounts that were accredited to the different road districts Sept. 30th. The road districts of Sonoma Valley were credited as follows: Agua Caliente, \$660.42; Glen Ellen, \$876.78 and San Luis \$1209.80.

PLANTING TREE SEEDS

Assistant State Forester Sellers has started to plant the seeds for 200,000 trees which will be transplanted on the bare areas surrounding Clear Lake, Lake county. The trees will be eucalyptus and pines. It is estimated that the planting will cover 35,000 acres and that all the trees will be set into the ground by the middle of next summer. They will be cared for in a nursery before being transplanted.

It has been found from experiments that eucalyptus and pine thrive in the climate of the Clear Lake country and that these species will grow faster than any other. The re-forestation has been undertaken by a company for commercial purposes and also to make the scenery around the lake more attractive. It is designed to lay out a forest and make the place a pleasure resort. The planting plans have been finished and all that remains to be done is to get the trees started and nature and protection from fires will do the rest.

Enjoys Sonoma Valley

Mr. Harry Rosemond, master property man of the Orpheum Circuit Vaudeville Theatre that extends from coast to coast and of which the Orpheum Theatre, San Francisco, is the headquarters, spent last week here with his family who reside in the Robert's Villa, Broadway. Mr. Rosemond spent considerable time driving about the valley inspecting outside property with a view of purchasing a ranch and residing here permanently. He finds the climate unexcelled and his wife enjoys better health than ever in our general climate.

Duhring's New Store

Work on the new addition to Duhring's store is progressing rapidly and when completed, will be one of the finest for its size in the county. The north wall is being torn down, the old and new stores are to be turned into one large room. The front along the entire First street side is to be of plate glass and the interior will be made modern in all its appointments.

Next Monday Evening

Interest increases as the time approaches for the glove contest between Emil Cornelius of Sonoma and Grover Neep of Green Valley, which will take place in O'Rourke's pavilion next Monday evening, Oct. 21. Both men are in prime condition and each expects to be victorious.

Furniture, carpets, upholstery, oriental and domestic rugs, to be found at Petaluma Furniture Co., 805 Kentucky St., Petaluma.

Pioneer Passes Away

Alexander Tate, a former pioneer resident of Petaluma, died Tuesday in San Luis Obispo. He leaves a large estate. Deceased was an uncle of Jas. P. Tate of this valley.

THE CHASE HOME PLACE

The Chase home place has been sold to Mr. W. B. Austin of Stockton, California, and he has commenced the sub-division of this beautiful tract into residence lots. It is Mr. Austin's intention to make this subdivision the choice resident part of Sonoma, and he will make every effort to interest parties wishing to build homes.

Avenues will be graded through the tract, cement side walks will be laid on both sides of the principal avenue, ornamental trees will be planted, and substantial bridges will be constructed over the creek running through the tract.

The Chase home place has long been noted for its beautiful trees, which are one of the desirable features in the selection of a residence lot. There will be no farm-yards or chicken ranches in this sub-division. Every effort will be made to have the improvements desirable. Mr. Austin has decided to give lots free of cost for the purpose of constructing desirable residences, and he will make all reasonable inducements as to prices and terms to any party wishing to build a home on this tract.

That this is a rare opportunity to secure a home site, there can be no question, and anyone contemplating building will do well to investigate Mr. Austin's offer at once, as it is reasonably certain that this opportunity will not last long.

Prices of lots in this tract range from \$200 to \$360 according to location. Terms can be arranged to suit purchaser, and the property can be purchased from any real estate agent in Sonoma, or through Mr. Austin's authorized agent, George E. Crane, care of B. F. Campbell, Sonoma, California.

Framed pictures, all sizes all prices, selections unequalled at Petaluma Furniture Co., 805 Kentucky St., Petaluma.
